# LETTER FROM THE PRESIDENT

We started the year with the news of one of our largest projects, the Capital One Building in Lake Charles, Louisiana, but it was canceled by the owner! This really moved our backlog needle in the wrong direction in a big way; however, our Estimating Team went into high gear and landed numerous projects in Florida, Alabama, Mississippi, Louisiana, and Tennessee to swing our backlog in the right direction. As of today, we have 63 projects under contract or Letter of Intent. What an amazing turnaround!

Although our backlog dollar amount is not our largest, the total number of jobs is at an all-time high! I am proud of all the hard work to get us back on track so quick! Now it's time to show out on the project management side!

We are also actively working on numerous bids in Orange Beach, Memphis, and Birmingham, and several along the Mississippi Gulf Coast look promising!

Our sister company, TSI, is also growing and has just landed a nice contract to build doors for the convenience store industry throughout the country. Also, we have just received our new state-of-the-art RhinoFab machine that will make our fabrication capabilities as good as anybody in the industry! Our investment in new technology will help us maintain our leadership in the Glass Industry for years to come. Thanks to everyone's hard work to make this possible.

As always, work safe and look out for your fellow workers. No job is more important!

Robert

## FEATURED EMPLOYEE

# JAKE ROBINSON

Jake was born and raised in Brookhaven, Mississippi. He attended Brookhaven High School, then attended Mississippi State, and graduated from the BCS program in 2021. Jake's dad owned The Glass Doctor in Jackson growing up, so Jake is used to being around the glass business.

While in high school, he started building furniture and loved it. He knew he wanted to do something with his hands, which pulled him toward the BCS program. Jake started working for Glass Inc. in March of 2022. He is currently working on the Ole Miss STEM building with Dale. "This is my first unitized job, so it is nice working with Dale to see how he handles problems that arise. I have also learned a lot from Stephen on how to handle larger jobs and what to do to stay out of trouble."

"I love working at Glass Inc.; they take care of their employees and have taken a lot of time to teach me what I need to know." In his free time, Jake enjoys working on anything with wheels and building furniture.

*I love working at Glass Inc.; they take care of their employees and have taken a lot of time to teach me what I need to know.*

– Jake Robinson

# EMPLOYEES OF THE QUARTER

**MERIDIAN**  
**Brenton Smith**

**GULFPORT**  
**Abraham Gomez**

**FOLEY**  
**Bryan Morrison**

Congratulations, Brenton. Your co-workers chose you because you are hardworking and have a good attitude!

Congrats, Abraham! Your co-workers chose you because you are very hardworking, always have a smile on your face, and are a pleasure to work with!

Congrats, Bryan! Your co-workers chose you because you are easy to work with and hardworking!

## IN THE NEWS

We had a great ABC social in Meridian at Threefoot Brewing Company!

We had a great time at the ABC luncheon at Patio 44 in Biloxi on March 6.

# IN THE NEWS

We attended the **MCEF Job Fair and Career Expo** on March 8 at the Mississippi Trademart in Jackson!

Our Foley office at their monthly safety meeting.

**Congratulations** to our Gulfport City Service Manager, Dylan Kent, on the birth of his third daughter, Ali Hope!
